PROJECT "THE EDUCATIONAL AND CULTURAL CENTER "MRIYDIY"

THE EDUCATIONAL AND CULTURAL CENTER "MRIYDIY"

OBJECTIVE

Preservation of Ukrainian identity, comprehensive development, and access to studying the Ukrainian-language component for Ukrainian children, as well as **support** for the child's psycho-emotional state through the requirement of attending schools within the Polish education system.

PROGRAM

At the center, **children study** integrated courses such as "DreamExplore/History of Ukraine," "Ukrainian Language and Reading," "Logical-Mathematical Games/STEM," "Drawing," and "Choreography."

THE EDUCATIONAL AND CULTURAL CENTER "MRIYDIY"

PROGRAM

During the lessons in November, **students learned** fascinating facts about Ukraine and its state symbols, the Cossacks, reflected on what it means to be a citizen of Ukraine, explored the unity and diversity of Ukraine, and learned about the stories of famous Ukrainians.

In December, the children **delved into the theme** of "Winter," where they discovered traditions of celebrating Christmas and New Year in various countries, learned about winter sports, and identified the signs of winter. Additionally, during the lessons, students work on **developing their own** expressions, improving/acquiring mathematical knowledge, and enhancing attention, memory, focus, and teamwork skills.

Through creative clubs, they improve their physical abilities, develop imagination, thinking, and creativity.
